If You Are Seventy This Year Apply Now for Old Age Pension

Edmonton, July 28—Application forms for Old Age Pensions are now available in all post offices throughout Alberta, the Regional Director of Old Age Security, H. C. L. Gillman, said here today.

Persons who are already receiving Old Age Pensions do not have to fill out new application forms. Mr. Gillman emphasized. Their names and addresses are being obtained from provincial records and transferred to federal lists without any action being required on their part. Alberta has approximately 18,250 persons in this group. Those who are receiving a \$40 a month pension will have it continued at that level; those who are getting a partial pension will find it increased to \$40.00.

Alberta has approximately 25,000 persons aged 70 or over not now getting pensions who will be eligible for a pension under the new program. Mr. Gillman said. It is essential, he emphasized, that these people send in their applications immediately, so that proof of age and residence in Canada may be checked and all arrangements completed for the first cheques to go out toward the end of next January.

Delay in sending in an application may mean that the application cannot be put through in time for the January cheque issue. The longer the delay the less chance there is that the application can be handled in time.

Applicants must prove their age, and the proof should be sent along with the application form. Birth or Baptismal Certificates are best evidence. Other documents that will be considered include records in family Bibles, church rolls or registers, marriage records, munition certificates, passports and acknowledgements of age by insurance companies.

"If you cannot send evidence of this kind, please send any documents you do have that support your claim of age," Mr. Gillman said. "These documents will, of course, be returned to you. If you cannot send anything to prove your age, send in your application anyway, stating that you have no document to support your claim of age. You will then be told what you must do about proving your age."

The pension cheques will be addressed to the pensioner himself, although provision will be made to pay the pension to some other person or agency when this becomes necessary because of the pensioner's illness or infirmity.

Bangs Restricted Areas

We are beginning to think now about the second-round of calf-hood vaccination under the scheme of a restricted area. We have just completed the first round and the number of calves vaccinated is over 3700 and this represents about 700 premises. We were late getting started last fall, but as the winter was fairly open during January and February we were able to keep plugging along. Also the co-operation by the cattle owners was very commendable and we certainly appreciated it. This year we plan to impose on your good nature a little more and see if we can't get an earlier start, that is, about Oct. 1. I think you will agree with me that this is quite necessary to avoid the normal bad weather in January and February.

Those of you who will recall the inconvenience that was experienced in handling the calves and cows last winter through the absence of proper facilities, will probably agree that now would probably be a good time to erect some sort of chute. As it is going to be necessary to handle cattle more often than before, and also the TB inspectors require a proper chute, now is the time to get prepared. You don't require anything elaborate, but just convenient.

Famed Speaker To Preach In Wainwright

The Rev. Jack Cochrane of Detroit, Michigan, field representative of Youth for Christ International, will speak at the "Youth For Christ" campaign at the Wainwright Bowling Alley Bldg. on August 5-9. Week nights at 8 p.m. Sunday's at 2:30 and 8:45 p.m.

Cochrane is one of the many young American spiritual leaders who has caught the vision of evangelizing the world in this generation. A graduate of Northwestern Schools in Minneapolis, he captained a six-man Youth for Christ team which went to Ireland in the spring of 1949 for five and a half months. He returned to Ireland again in 1950, and saw overflow crowds at meeting after meeting.

In Belfast where he was in a campaign with Ken and Wanda Cummings of Detroit and the Palermo Brothers of Minneapolis, they saw thousands turned away, and saw many of the undrained ground as their personal Saviour from sin.

Mr. Cochrane has conducted two widely-heard radio broadcasts and was active in Detroit's 12-year old Voice of Christian Youth. Since joining the Youth for Christ International staff, he has travelled throughout the United States and Canada, speaking at rallies and holding campaigns across the land. He is a dynamic and powerful preacher of the Gospel and his ministry has been singularly blessed of God in every place in which he has ministered.

The above campaign is designed to provide for our youth of today, and for our men in the services a timely program of choicest Gospel music, singing and preaching, which will lead to personal satisfaction found in the knowledge of Christ. It is also hoped that a wide interest will be shown in seeking to make possible a permanent "soldier's centre" for our boys in the services here.

Grandma Larson Surprised on 80th Birthday

A pleasant afternoon was spent recently at the home of Mr. and Mrs. R. O. Larson, the occasion being the 80th birthday anniversary of Mr. Larson's mother, Mrs. R. A. Larson, who is better known to most of us as Grandma Larson. About 25 ladies had gathered and when Grandma arrived later she was completely taken by surprise. However, a jolly afternoon was spent chatting and after a dainty lunch the guest of honor opened the many gift packages which she received. Mrs. Larson thanked her friends for their kindness in remembering her.

In the evening, after having been delayed in town through the careful planning of her friends, Mrs. Larson was again surprised when about 30 relatives and friends arrived and spent the evening with music and dancing. After a delicious lunch was served, little Dale Larson, on behalf of Mrs. Larson's sons, presented Mrs. Larson with a beautiful chest of Community flatware. She thanked all her good friends for a happy and unforgettable day, after which the guests left for home.

Out of town visitors included Mrs. Schonert of Calgary, Mr. and Mrs. George Spring of Muriel Lake and Mr. and Mrs. W. Whitley and family of Fabyan.

Easterly Echoes

Miss Maureen Dempsey attended farm young peoples' week at Vermilion School of Agriculture.

Mr. and Mrs. Ralph King and Mr. and Mrs. Al Bacon are away on a fishing trip to one of the lakes.

The Battle River W.I. held their annual picnic at the River where swimming, horse-shoe and races were the main features. A picnic lunch closed the day's events.

Congratulations go to Mr. and Mrs. Dempsey on a new Chevrolet and Mr. and Mrs. C. Steele for a new Ford truck.

Word has been received of the death of Mrs. Harry Walker, the mother of Mrs. Reg. Worthing. She leaves to mourn her loss, two sons and five daughters. The sympathy of the district goes to all the bereaved.

Mr. and Mrs. Clarence Carter arrived by motor from Vancouver on Tuesday for a visit with relatives, including the formers' parents, Mr. and Mrs. E. W. Carter of Wainwright.

NOTICE

All those interested in joining the Irma Calf Club, and those interested in a fat stock sale to be held on the same day as the calf club sale, please come to the meeting in the school on August 7.

Jarrow News

The Jarrow-Batts W.A. will meet at the home of Mrs. W. R. Meakins on Tuesday, August 7. A quilt will be in the frame so don't forget your thimbles, etc. Come as early as possible and bring something for the pot luck dinner. The meeting will be called at 3 p.m. and Mrs. H. Beer will give a paper on the 23rd Psalm. Let's make this a good meeting and visitors are always welcome.

Mrs. H. Whidden entertained about 20 ladies on Monday in honor of Mrs. McCune and Mrs. Stauffer who are both leaving the Jarrow district. The afternoon was pleasantly spent with contests and visiting which was topped off with a bounteous lunch. Following the lunch, Mrs. G. Theroux presented them both with gifts as small tokens of appreciation for their work with the W.A.

Jarrow seems to be a place of going and coming nowadays. First Mr. Nichols left and is now living at Minburn. Then the McCune's left and now it is the Stauffer's. The McCune's are moving to Red Deer where Mel will be assistant manager of one of the Jenkin's stores there. The Stauffer's are going to Toileville. We are going to miss all these friendly folk and wish for them the best wherever they are.

Mr. and Mrs. T. Peters are the new people at the station, Mr. and Mrs. Carl Soneff the new storekeepers, and Mr. Birge the new elevator man. We extend to these new-comers a hearty welcome.

Visitors to the Vermilion Fair included Mr. and Mrs. H. Whidden, Mr. and Mrs. W. R. Meakins, Mrs. Anne and Mrs. G. Theroux.

Glen-Coa Gleanings

Mr. and Mrs. A. Dalsky of Spokane, Wash., have been visiting Mr. Carl Lindquist. Mrs. Dalsky is a niece of Mr. Lindquist.

Mr. and Mrs. L. Satre and Avis, Mr. and Mrs. H. Fuder, Lorne and Jackie were on a fishing trip at Muriel Lake. They had very good fishing, even if they didn't find their way.

John Erickson underwent an appendix operation in the Hardisty hospital. He is doing well, reports have it.

Mr. and Mrs. L. Erickson, Bob and Bonnie of Vancouver have been visiting at the Erickson home. Bobby is spending the rest of the summer on the farm.

Pat and Margaret Pedel, and Lily Mackay were at Vermilion last week attending a short course put on by the Agriculture School. Warren and Nathan Fuder, and Sigmund Gulbraa were also there for a while.

Southern Sayings

Phyllis Johnson has been a patient in the Wainwright hospital. Mrs. Martin Creasey was a visitor at Edmonton last week.

An error was made by the press last week as the date of the next W.I. meeting at Mrs. R. Reber's Thursday, August 16, instead of August 11 with the roll call "the best show you ever saw."

Mr. and Mrs. Otto Setter and family took in the Vermilion Fair last week-end.

Mrs. J. Jackson was in Edmonton last week with the girls of the grain club as the girl's companion and Mr. J. Jackson left this week for a board meeting of the FUA held in Edmonton.

Mr. Albert Jackson was a week-end visitor to Fort Saskatchewan with friends.

Special Meeting

There will be a special meeting held in Strawberry Plain School next Thursday, August 9 re electrification, put on by the Gratton View Local FUA. Everyone please make a special effort to attend this meeting.

District 7 FUA Camp Enjoyed by Youngsters

District 7 FUA sponsored a farm young people's camp at Hardisty Lake from Sunday, July 22 to Saturday, July 28 which proved highly successful and was thoroughly enjoyed by the 38 young people who were fortunate enough to be enrolled.

The camp which is the first of its kind undertaken by district 7 and in fact we believe the first of its kind in the province, was in charge of Mrs. Wilfred Redman of Hardisty, who is director for sub district 5 of District 7. Most of the work in connection with the organization of the camp was done by Mrs. Redman, and great credit is due her for her untiring efforts in making the experiment the unqualified success it undoubtedly was.

During the week the young people received lectures on various subjects by Mr. Hillier, agricultural secretary of the Dept. of Extension, University of Alberta. Swimming lessons were given by

Miss Joyce Bartlett of Wainwright. Singing and games were in charge of Miss Margaret Maguire. Mrs. E. P. Taylor of Hope Valley was Camp Mother. The camp concluded on Saturday afternoon, July 28, with a program in which the young campers entertained their parents and friends with songs and music after which the gathering was addressed by Miss Mabel Rasmussen, vice president of the Junior FUA. Mr. Hillier, Geo. Findall of Fabyan, District 7 president, Joe Jackson of Irma, director for District 7 and finally H. G. Young, provincial president of the FUA, gave an interesting talk on the need for farmers to organize to protect their interests and also gave an account of the union's recent meeting with cabinet members and others at Regina.

A bonfire picnic by the lake brought the evening to an enjoyable conclusion. It is the intention of District 7 board to sponsor at least two camps for farm young people next year.

Immigration In 1951

LATEST FIGURES ON IMMIGRATION to Canada show that an increasing number of people from the United Kingdom and Europe are now coming to Canada and that 1951 may see as much immigration as 1949, which was the peak year since the war. Since 1949, when 125,414 persons came to Canada from other countries, immigration has dropped off considerably, but this year there has been a renewed effort on the part of the government to stimulate immigration to this country from the United Kingdom and from Displaced Persons Camps in Europe.

Expect Many This Year

Subsidies on travelling expenses for people coming to live in Canada, and the removal of the ban against German nationals were among the measures introduced to increase immigration and it is predicted by officials of the immigration department that there may be more than 125,000 immigrants to Canada this year. These would include an estimated 50,000 from the United Kingdom and the same number or more from Displaced Persons Camps in Europe. It is also expected that as many as 15,000 displaced persons may come to Canada this year, sponsored by relatives and friends already living here.

Canada Gains New Citizens

With shortages of labor in many industries and the need for more manpower for farm help in Canada, there is little doubt but that those who came here will find work waiting for them. Since Canada's present immigration policy was started in 1949, many thousands have come from the United Kingdom and from Europe, and the undertaking has proved satisfactory to both the immigrants and to Canada. There are various estimates as to what Canada's population should be, but there is no doubt but that there is room here for more people than we have at present, and that a larger population would in many ways benefit the national economy. Apart from the practical aspects of the matter, Canada has performed a service in welcoming displaced persons and people from congested areas of the older countries. Canadians are aware, however, that in doing this service, the country has gained many fine new citizens who are playing their part in building for the future.

Lloydminster Oil Output Nears Record

REGINA.—Oil production in the Saskatchewan Lloydminster field may hit a record level this year, production figures indicate.

The Lloyd Petroleum Association reported production in the field this year to the end of May totalled 468,810 barrels. At the corresponding date last year total production had reached about 400,000 barrels. Production last year for the full 12 months was 1,052,532 barrels.

Period of greatest production in the field is usually in the summer and fall. The field produces heavy oil.

Girls On Skates Speed Industry

EL SEGUNDO, Calif.—Three messenger girls at the Douglas Aircraft plant here have been equipped with roller skates to speed up delivery of blue prints to engineers.

Phyllis Cook, June Singer and Betty Romanovsky deliver the prints in less than half the walking time by sailing down long corridors on wheels. The system permits engineers to spend more time working and less time looking for data.

Funny and Otherwise

Bill: Say was that a new girl I saw you with last night?
Will: No, that was just the old one with a new paint job.

The futurist artist put a final splash on his picture and stood back to consider the effect.

"I'm rather bothered about a title," he said to a friend who had been watching him.

"Why not call it 'Home,'" said the friend.

"Home? Why?" asked the artist.

"Because," was the reply, "there's no place like it."

A man dashed into a chemist's and asked the proprietor how to stop hiccuping. The answer was a hard slap in the face. The man was furious and demanded the reason.

"Well," said the chemist, "you're not hiccuping now, are you?"

"No," shouted the customer, "but my wife out in the car still is."

"Do you think I should put more fire into my editorials?" the writer asked.

"No," said his editor. "Vice versa."

"Now, Andrew," said teacher, "suppose you had four dollars in one pocket of your trousers and three in the other. What would that be?"

"Somebody else's trousers, miss."

Two heads are not better than one—twice as many cars to wash.

The after-dinner speaker had talked for 15 minutes.

"After partaking of such a meal," he continued, "I feel that if I had eaten any more I would be unable to talk."

From the far end of the table came an order to a waiter: "Give him a sandwich."

Sign in a Missouri bank: The Worst Place In The World To Live Is Just Beyond Your Income.

It is said that a good leader—writer hammers home his message constantly, like the preacher who thus described his sermon:

"I get up and tell 'em what I'm going to tell 'em, and then I tell 'em, and then I tell 'em what I've told 'em."

"Please don't mind me, sergeant, if I show a little independence on the parade ground this morning," said the private.

"Why do you ask that?" thundered the N.C.O.

"Well, you see, sergeant, my wife is looking through the railings."

Husband: I'm going to make a resolution not to drink any more.

Wife: Not to drink any more!

What's the use of that? You couldn't possibly drink any more.

"Do you know where Andrew MacFavian lives?" a visitor asked.

"No, I haven't heard tell of him," the native replied, "but if you ask at the village somebody'll tell ye."

An hour passed. Then the visitor met the native again. "I can't find him," the visitor explained.

"I'm that's queer," the Scot mused. "Hama" he a nickname o' any sort?"

"Well, I believe he's called Cockey Mac."

Sask. Man Builds Glider; Successfully Tested

ROSETOWN, Sask.—Ralph Wiseman, manager of an automotive wholesale firm here has built himself a glider. The machine which required 5,000 hours of work to build and cost \$800 was successfully test-flown a short time ago.

The glider which has a wing span of 46 feet is 18 feet long and weighs 250 pounds. Of German design and built from blue prints printed in Germany it is one of three machines of this type in Canada. The leading edge of the wings and the front of the fuselage are built of 1/32 to 3/32 inch birch plywood. Parts of the framework are made of spruce, white fittings and struts are metal. The glider's controls are the same as those in an airplane.

In accordance with department of transport regulations the glider had to be test-flown before it could be licensed. Norman Bruce of Calgary, a licensed glider pilot, handled the machine on its maiden flight.

Following the trial, Mr. Bruce complimented Mr. Wiseman on an almost perfect job of building and stated the craft handled as well as commercial types.

On the initial flight the glider attained an altitude of 300 feet and soared at a speed of about 30 m.p.h.

Although having some experience in glider flying in his youth, Mr. Wiseman is not allowed to fly his new craft. He has yet to pass the department of transport tests in order to qualify for a licence.

Born at Moosomin Mr. Wiseman lived for several years at Swift Current where he received most of his education. He has been a resident of Rosetown since 1935.

Too Much Bagpipe Music In Victoria

VICTORIA, B.C.—There has been too much bagpipe music in Victoria to suit some people.

So two of the city's three ghillie pipers, who had been entertaining incoming United States tourists at the waterfront, were "requested" by police chief John Blackstock to stop playing.

"I did not order them off the street," he hastily explained.

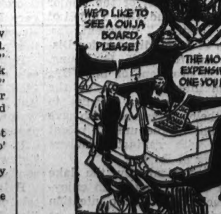

For 17-year-old kilted piper Mary Fletcher and Dinah Kerr it was a sad decision. They had received lots of encouragement from tourists, who had taken photos of the pair.

Not affected is Anita Baird, 15, who performs for tourists at boat time only. One complainant described the continuous piping as "grim".

He said the hourly walk of the pipes was driving his co-workers to the brink of despair.

"It's not that we object to bagpipes, but having to listen to them all day is getting to be too much," he said.

THE TILLERS

Woman Loves The North, Married In Order To Stay, Started Trapping 20 Years Ago

PRINCE ALBERT, Sask.—A red-headed, 100-pound bundle of energy, "Curley" Hanson has been doing a man's work for years. She travelled with a circus, trapped for 20 years, helps run a lake resort, works as a guide — and has loved it all.

Now 44, the five-foot three-inch red-head lives at Candle Lake, 60 miles north of Prince Albert, where she and her husband Conn run a trap line and lake resort.

She has been in the bush country since 1929 when she built a cabin and started trapping. For two years she was the only woman at Candle Lake.

Then she heard a rumor that the police intended to bring her out because they felt the situation was too dangerous for a lone woman.

"I'll die if I have to leave here," she said.

CALGARY.—Mrs. Mary Dover is proof enough for any man that it isn't a man's world.

During recent years she has been a lieutenant-colonel in the Canadian Women's Army Corps, an aide-de-camp on the Calgary City Council and a vice-president of the Alberta Command of the Canadian Legion ("not the ladies' auxiliary," she is quick to inform you, "but the legion").

Now she is chief warden for Calgary's Civil Defence Program. Her father, the late A. E. Cross, was a pioneer Southern Alberta rancher and her grandfather, Col. J. F. Macleod, was one of the first Mounties in the West and founder of Fort Macleod in 1874.

B.C. Dairy Cattle To Be Sold In U.S.

VANCOUVER.—More than 700 head of purebred dairy cattle from famous B.C. farms will be sold in U.S. in the near future.

The southward movement will constitute the largest organized sale of its kind on record.

Three leaders in the industry have joined in the mass sales. They are Harry Reifel, Bellavista Farms, Milner; Geert Kour, Quilchena Farms, Lulu Island; W. H. Savage, Glen-down Farms, Ladner.

All are internationally known for breeding programs of blue-blooded Jerseys.

In a joint statement they say: "Present conditions in the milk industry are the reasons for selling."

First shipment of 60 head from the three herds will be sent to Portland, Ore., in September. Later sales are planned for Boise, Idaho, and Ogden, Utah.

Mr. Reifel has invested considerable money in Bellavista Farms since he acquired the property. It is one of the show places of the Pacific Northwest, and has a reputation for milk production. Many of his animals have been purchased at big money, including a bull for which he paid \$25,000.

Holland-born Geert Kour, noted fancier and breeder, bought the Roy Brown herd a few years ago. He is much interested in milk production and show ring animals.

W. H. Savage, native of B.C., has made notable records in milk production in Canada, and has been a successful breeder down the years.

And she loves Candle Lake. "It's the only place I ever want to live," she says.

"I couldn't live away from the trees and water. I'd just die if I was transplanted."

"Carbonated" Beer

St. John's, Nfld, July 23—It took two of Newfoundland's female small fry to dumbfound Donald Gordon, chairman and president of the CNR, on his Maritime trip last month. Rewarding two small girls for their courtesy with two coins, the President asked, "Now what are you going to buy with all that money?"

The older girl examined her 25c and then turned to her benefactor. "A bottle of beer," she said gravely.

"Beer" is the term Newfoundland kids use when they're talking about the substance we know as "pop."

Locals

A recent visitor to the home of her parents was Lonnelle Ramsay who graduated from The School of Nursing Aides July 20. Upon her return to Edmonton she will take up employment at the University hospital.

Mr. and Mrs. E. L. Penny and daughter Evelyn, all of Calgary, spent several days here this week with Mrs. Penny's sister, Mrs. G. Hurst. Mrs. Penny was well known in Irma before her marriage as Miss Anna Walker.

Misses H. W. Inglis, C. L. Currie, I. S. Reeds, H. Riley, Gordon Inglis and Keith Currie are away on a fishing trip to Long Lake and Moose Lake.

Mrs. Geo. Nagy and small daughter from the Peace River country are visiting here at the home of Mrs. Nagy's mother and aunt, Mrs. I. Tate and Miss A. Flewelling.

Miss Margaret Tate of Kelowna hospital is expected home this week. Her sister and brother-in-law Mr. and Mrs. Lorne Raham, visited briefly with Mrs. Tate and Miss Flewelling enroute to Elk Point to see Lorne's parents there. They are expected back in Irma shortly.

Mr. and Mrs. O. Nissen, Norman and Joan are expecting to go on a fishing trip to Moose Lake this week.

Mrs. Nissen returned to Irma from Calgary on Tuesday after taking in the stampede and visiting with relatives there.

Violent thunderstorms and heavy rains are almost a nightly occurrence. They tell us that B.C.'s climate has somehow got over on the wrong side of the mountains and can't find its way back. If it keeps this up until January we'll believe them—that is, if we can keep afloat that long.

Mr. and Mrs. E. W. Carter of Wainwright and Mr. and Mrs. C. Carter of Vancouver took in the Irma sports on August 1.

Mrs. D. H. Gunn and daughters returned to Irma on Monday last. Mr. Gunn has two more weeks in the city before summer school closes.

Mr. and Mrs. E. R. Wells of Calgary were renewing old acquaintances in Irma last week besides visiting at the home of Mrs. Wells' brother, Mr. W. Symington.

Mrs. Shonert and Ralph were among other former Irmaites who visited the old home town last week.

Born to Mr. and Mrs. Robert Steinert, the former Jean Gullner, at the Wainwright hospital, July 30, a son.

Mr. and Mrs. H. E. Clifford of Edgerton, the former Margaret Shotts, are the proud parents of a baby daughter.

Hugh Inglis is a patient in the Viking hospital this week. Mrs. Hockett is our new telephone operator.

Mr. and Mrs. G. W. Hardy of Minburn were Irma visitors on Sports Day.

Mr. and Mrs. Jack Cragg of Edmonton were week-end visitors with Mr. and Mrs. M. McMillan.

Mrs. R. E. Maguire and Greg were also recent visitors at the McMillan farm.

Congratulations to Art Knudson who, with his Tug Boat Annie float won \$25.00 1st prize for comic float in the parade in the Edmonton Exhibition.

Mrs. Wilmer Rae, Ronald and Russell have returned home from Calgary where they have been visiting relatives.

Bobby Clay of Calgary is spending a few weeks holiday with his cousins Bobby, Ronald and Russell Rae.

Mr. and Mrs. Bill Funk, Darleen and Loree of Beaver Flat, took in a full week of Calgary Stampede and after sitting a week they enjoyed walking around a bit. They visited at Carline, Irma and Meadow Lake where Mrs. Funk's parents live.

The school teachers must be doing all right here too. Miss Solberg bought a new car and took her brother and his wife and her niece, her cousin Chris Roset and his mother and came to visit relatives and friends in Alberta. They came from Gouldtown, Sask.

The old friends of P. Funk's, Mr. and Mrs. John Zacharias of Beaver Flat, also made the round trip visiting relatives and friends. It is always nice to see the old friends drop in.

The Irma Sports Day celebrated August 1 was highly successful in every way. The big parade came up to everyone's expectations and the ball tournaments, midway, brass band, etc., all helped to make a big time for everyone. We will have a full account next week.

Born to Mr. and Mrs. Ronald Thurston at the Wainwright hospital on August 1, a son.

QUITE SO

A codfish lays a million eggs;
A little hen but one.
A codfish never cackles when her deed is done.
And yet we praise the little hen,
While codfish we despise,
Which clearly proves to all good men,
It pays to advertise.

Wheat Pool Policy

It was never the intention of the founders of the Alberta Wheat Pool and Pool Elevators that earnings should be distributed on the basis of capital stock holdings. The Pool elevator system was built to give service to working farmers, not to make profits for stockholders.

The present Wheat Pool policy in respect to reserves accumulated during the period 1923 to 1928 provides for their purchase at 100 cents on the dollar from the older members and from those no longer engaged in farming and the transferring of these reserves to members who patronize Pool elevators, together with a cash patronage dividend in years when earnings justify same.

Since Alberta Pool Elevators started in business the following payments have been made to patrons and reserve holders.

Patronage dividends in cash \$4,695,593
Redemption of reserves 5,876,900

Total \$10,572,493

In addition to the above, patronage dividends have been paid in reserves to a total of \$4,935,846.

Every Pool member should have a clear understanding of Pool policies. It is believed that such policies should encourage more farmers to become Pool members and should also be an incentive to increased deliveries to Pool elevators.
